**FOR IMMEDIATE RELEASE**

**Illumia Announces PXT Select™ Accreditation for Pre-Employment Selection**

**Chicago, IL** – Illumia announced today an enhancement to current service lines by offering full Accreditation for PXT Select, a psychometric based assessment tool designed to dramatically improve how organizations select and develop talent.

Illumia’s Managing Partner, Admira Ibisevic, said: “Psychometric based assessments have become the way of the future. PXT Select connects business strategy to talent strategy to drive results by aligning people to roles based on the traits more important to perform successfully. It provides a suite of solutions to support organizations through the entire talent lifecycle, from selection to individual and team development. Key takeaway here is that this offering will allow our clients to independently facilitate assessments while taking true control of their talent selection and development process.”

Clients will participate in highly interactive virtual training designed to equip them with knowledge, tools, and an online platform that enables self-sufficiency while culminating in a PXT Facilitator Accreditation. “This is a nod to our commitment towards creating self-sufficient organizations, while limiting reliance on third party support” said Admira Ibisevic.

Illumia is proud to announce this enhancement and we look forward to offering this important value add to both existing and future clients.

**About Illumia Consulting Group**

Illumia Consulting Group is a management consulting firm focused on delivering performance through people. We cultivate teams that strive to achieve dramatically transformative outcomes — achievements that alter the very DNA of the organization while considering both financial and human elements.

Our approach is anchored in nearly 40 years of research, psychology based effectiveness tools, and substantial results across automotive, aerospace, defense, chemicals, consumer products, government, life sciences, media & entertainment, minerals, non profit, public relations, and technology sectors.
